GENNARO TALLINI, «Quel popolo hora tuto catholicico». Nuovi dati sulla Valtellina tra Cinquecento e Seicento: anime, fuochi e paradigmi di compatibilità

The essay compares some data and documents interesting the real number of reformed people in Valtellina and Valchiavenna between XVI and XVII Century until the Sacro Macello. Data, recovered from many sources and documents never compared, show as the number of reformed killed during the revolution of 1618 was less than Catholic and Reformation sources always have affirmed.
