DAVIDE BALESTRA, Tra Genova, Napoli e Madrid. Una rilettura di *Los Serra entre la República de Génova y la Monarquía Hispánica* di Yasmina Rocío Ben Yessef Garfia

*The relations between the Republic of Genoa and the Spanish monarchy in the early modern age continue to be the focus of many researches and studies. They have highlighted, in particular, the leading role played by the noble Genoese families in the economic and financial activities of the Monarquía between the 16<sup>th</sup> and 17<sup>th</sup> centuries. The paper presents the main topics and some reflections about one of the most interesting results of recent years on these issues, the book on the Serra family by Yasmina Rocío Ben Yessef Garfia, Los Serra entre la República de Génova y la Monarquía Hispánica. Servicio, redes y espacios de identidad (1576 ca. - 1650 ca.), an articulate analysis of a specific case study, based on extensive unpublished documentation.*
